Time: 9:30 a.m.

Parent/Guardian must call our offices at (773) 834-8850 to schedule an appointment in advance. We are discouraging “walk-in” appointments to be able to avoid patients having to wait around if they can’t be seen immediately and avoid disappointment if we don’t have an open appointment. The # of patients that can be serviced will depend on the hours your staff is on site on the day of the visit.

All patients and parent/guardian will be pre- screened for COVID-19 by asking 2 questions and taking of temperatures prior to boarding the mobile unit. If the weather is inclement we will need to have access to a private room or area so that we may conduct pre-screening, check the consent form and as a waiting area for patients prior to them boarding the mobile unit for patient and staff safety if they don’t have a vehicle to wait in

The parent/guardian of the patient will need to complete our consent form in advance for their child to receive our services

The patient will receive documentation of the service they received that day and we will provide a copy to the school for your records

Our staff will need to have access to the restroom during the site visit

Appointments will be scheduled in 15 min intervals to allow for sanitizing the unit between patients
